

Wood Ceiling Tiles

Madrid's **wood ceiling tiles** are manufactured with class A fire rated cores with particle board or medium density fiber board (MDF). Our tiles are manufactured with 100% post-consumer recycled content and contain no urea, formaldehyde or VOCs.

Wood ceiling tiles are manufactured in standard 2'x2' and 2'x4' formats, with custom formats and sizes available upon request.

They are available with a variety of veneers and are finished with a water-based, zero VOC and formaldehyde-free matte #20 finish, with custom finish options available upon request.

Wood ceiling tiles are available with standard perforations or channels. Custom patterns are also available upon request. They are easily installed with Madrid's GridLock System.

Madrid makes you look good.

- Available in particle board, MDF, or Bio-Blend cores
- 2' x 2', 2' x 4' or custom formats available
- Over 200 veneers available

Specifications*:

- No added urea formaldehyde resins
- Conformance to ANSI A208.1 - Particleboard, Mat-Formed Wood, Grade M2
- Conformance to ASTM D 1037 - Standard Test Methods for Evaluating Properties of Wood-Base Fiber and Particle Panel Materials
- 100% Pre-consumer Recycled Wood Fiber Content Third-party Certification
- Environmentally Preferable Product (EPP) Grademark Program CPA 2-06
- Scientific Certification Systems (SCS) Third-party Certification 100 percent pre-consumer recycled fiber
- May contribute to LEED Recycled Content Credits MR 4.1 and MR 4.2
- Density: 47 pounds per cubic foot
- Modulus of Rupture: 4,500 psi
- Modulus of Elasticity: 550,000 psi
- Internal Bond: 140 psi
- Hardness: 955 pounds
- Screw Holding: Face: 230 pounds - Edge: 185 pounds
- Linear Expansion, Maximum Average: 0.35 percent.
- Thickness Swell, 24-Hour Soak: 6 percent.
- Finished with water based zero VOC Matt 20 finish
- Class A rated
- Noise reduction Coefficient 0.50**

* based upon Madrid's Bio-Blend core ** using using SoundTech acoustical foam
